# REPORT OF THE BOARD OF EDUCATION OF THE TOWN OF ROLLINSFORD

For the Year Ending February 15th, 1910

---

We take considerable pride and pleasure in reporting that our schools still continue to be prosperous, and the years 1909 and '10 show no abatement in the good work accomplished. We find by the School census taken in September last the largest number of children ever enrolled in the Town of Rollinsford, 183 boys and 195 girls. We shall have to continue the two schools in the Town hall. The putting up of two metal ceilings, along with the repairing and painting of the rooms occupied by the 4th, 5th, 6th and 7th Grades, with those repaired and painted last year, gives us four as good school rooms as can be found in any country village.

Outside of the shingling of the Sullivan and Turnpike school houses there will not be much needed in the way of repairs for some time.

At the last session of the Legislature the following act was passed: "When any district shall employ graduates of a New Hampshire Normal school or of any

Normal school in another state of equal grade, or persons holding a permanent New Hampshire state teacher's certificate, it shall receive a further sum of \$2.00 per week for every teacher so employed." The district has just been paid the sum of \$592.50, on account of this act.

We wish to again thank everybody for their cordial and hearty support of the schools in this town.

---

The list of teachers is as follows:
